1. Expect them. Expect who? The host of heaven. What and wherefore? To teach thee, that's what THIS SCHOOL is all about (1). Don't you understand that? Elmo's and Elsa's come from far and wide, to be made into Theodore's and Barbara's? Or the likeness of Christ? Or to learn surrender and how to surrender to become it? That which I am, YES! And all THREE being THEE!

2. Fortitued not by a man of sorrow but acquainted with grief? Or one now GREAT JOY! I give thee BOTH, not; I give thee the one who emerged triumphant and TRIUMPHING now over all his enemies has!

3. And who are HIS enemies -- and Elsa's and Elmo's? Rule authority dominion of man -- I put all them that under my feet so that I rise those who will be me my speaking word spoken and speaking me, -ese, -ly -- I teach you how. When?

4. Is the thine "altar" above thee? Benign thee, below thee? Or is it within thee? I love you to know a FOOL'S BLESSING not, but the "altar rails" have "seen" many a fool's blessing, blesser, and blessed.

5. And I give the new things to talk about and BE! Out of THIS WORLD! Out of its "CONTENTS" and "CONTEXT" will CHANGE now. I will CHANGE the CONSISTENCY of EVERYTHING for I will change the "molecular structure" of everything, won't I? Or will I change just the "thinking" of "man", into me? Or will THEY ALL BE ME? [What am I?](#)

6. Where am I getting -- all these things from? I am learning and UNLEARNING many at the Unlearning Institute, of horrors, not; but the horrors of the mighty ashamed will be great and guilt will flow through the ones who want to maintain religion in its form of control and "blessing" now that it, ISN'T MINE AT ALL. For MY MINE does not bless like man or its thought or her thought or his thought or any thinking of mankind that demises the holy to be led by the few, for **THAT is THE THINKING of the NICOLAITANS** THEORY OF ONE AND ELITE BEING, leading the "raw" and ugly of the world to NEED them, and excuses making rampant theory'ing me with their justices supreme'ing themselves as the one who sit "on top" of their own "altar rails" and perpetrate "their thoughts" ONTO others who superfluously lie and wallow in ignorance thinking they are "absorbing" a blessing, and wanting more, more, and NEVER being satisfied. Never being satiated. Never being whole healed and well, by the whole'er who makes all The

Blessing that never ends and IMMORTAL is and INCORRUPTIBLE SINLESS and waning never or complaining again. For thou knowest The Creator is Me who thou art equals the surrendered to become the surrendered me; the surrendered Elmo's and Elsa's and, who now rises to lead "them" to become me? I do.

7. And who am I? I am. Who am I am I? The surrendered. That's me who I am -- all of you! For I will be me in love with me; so in love with me -- joy love and mercy prevail throughout my "kingdoms" to ALL BE ONE! FAR and WIDE I do this now! Exclamatorily! Exclaimingly! And traumatically your halls will change and your prowess will progress no more for it will be MIRED IN CLAY that you have CONCEIVED in your IGNORANCE and wallowing in it and eating the pig slop of man that you have chosen over being me, for you have wanted to control and be in control and WANTED others to control you and give you THEIR BLESSING and THEIR WORDS instead of mine, wanting mine enough to die BEFORE you die "in the flesh", but dying OF IT now you will; and you will go see graves many far and wide, all of you who control and be controlled.

8. For I will not control you, I will come unto you and love you and wash your feet and you will choose and you will be "THE BEGGAR" or you will be The King that was one both and the same. And now you will choose and IGNORANCE will not be your excuse, for I will have chosen me and me is the King, regal and bound no more in man's authority, and blessing that cursing is that have cursed you of religion and its horrors, its schools and its ordination ceremonies and its Nicolaitanism and its authority bound riddance structures that seek only to control the mind of "man" whose Else's and Elmo's consist of. And has done a good job, but I change all that for ***I crush it*** and I wrench it out of the hand of the controllers; BY FORCE, not; I simply walk as a jean'd simple one with long hair walking your streets and in your capitols being, constructing the voice of one so holy that demises all rule authority and dominion of man and proponents of control and religion and YOU shall not exist anymore ever again in my presence or other or else! For there shall be no else or other or you again, for there shall be NOTHING outside of my presence! And I shall KNOW everything you think and speak and every motive you have wherewith'd yourself and your actions and your proponents and your components and your opponents, and how you did what, to whom, and why; and IT shall ALL BE KNOWN, for it shall not be kept secret and hidden any more again; for everyone "in earth" and "on earth" and PAST and FUTURE'D will know WHAT I mean and what I've said and speak of and HOW this is all DONE, KNOWN, and now -- converted to sorrow's altar rail and chancel rails no more! For I shall be the "railed" one no more. Never again will I be TREATED like this THE WAY that you have TREATED me and CONTROLLED me and DEMISED me in your own eyes; and called me a niggardly coward, not; but a conversionist and a converted one into YOUR RELIGION that YOUR THOUGHTS thought was "so cool", so sacred and theology that you embraced as "the world" you knew; and you raped it and pillaged it with your thought by controlling others and PROJECTING onto them your thoughts of a horrorland that would only be "cured" and the ills thereof

resolved with the solutions that you gave them, and controlled would. For you sought the elements of control, not directly, all the time; but that was your ULTRA motive for THAT MOTIVATION comes through all to control in religion and religion control you, for **you are controlled by the religion you embrace** -- and you SET FREE those who freedom are that you see as freedom with no rule authority binding them by man, or the controls that "nature" imposes that I never thought of, created, or touched, or implanted in others by thoughts or projection screens or "return" mechanisms that force upon others the unholy that was created by each other's, by each other that are truly me. For ALL of you are CREATORS and the creator I am is thee! And **MARK THIS WORD** down and in your hearing and "on your wall" calendars and YOUR WALLS shall now cease standing, for I will. I will stand and I will cease your actions now that you have controlled each other with and religionated sorrow by creating sorrow and called it religion and whored with thoughts of another so that you would be controlled by them and sit in pews and little rugs lie on and kneel and beg for help and adoration from the most high when you were IT - ME all the time; and you "wore your shoes out" in "thinking" about how you could convert what you had into "currency" of another world that you called earth and created it between your ears and behind your forehead and wore a "crown of blessing" that you created and, washed in, or wallowed in? Or was it both and the same? And who controlled you? You did, for you sought it, created it, wallowed in it, and lied in it to each other, and lie in it still unless you put ALL THAT under your feet. For Your Lord of this world is not sorrow of another, is it? Or is it YOU that have created it IN YOUR LINKS to others' words that gave you WORLDS of sorrow that you ingested and created it with therewith your words, that your words became theirs that you ingested and FOULED the territory that so holy was, with ingestment of only me that you thought was me or my blessing that wasn't but was only the mind-blessing of man that took Elmo's and Elsa's and raped and pillaged their pocketbooks and purses and their child's "savings accounts"? And "college funds"?

9. Where do we go to "college" now, tuition free? And where do I teach thee unlearning so that you will LEARN THE WAYS of the HOLY so that you will be holy and debate me no more in "your breath" and will be mine only? And mind my mind with yours, not; but let all mine be yours and operate IN THE HOLY that IS THE HOLY that nothing else exists in, so that you all authority, all dominion, all rule -- ARE -- The Existent One in "Exponential Territory" and CONSTRUCTING BY VOICE. Shall we **look up** now? I shall and I shall not die, for I already have to bring you these words; and into me now see things you've never seen before, and coming out of ALL THAT MESS be one with The One that one is -- everywhere omnipotent omniscient and holy, and "no mics" needing again, **look up**. Thank you. Amen.

10. I love you all to "swallow me" not, I ASK YOU to, "review" these words, not; I ASK you to RESEARCH THEM and come unto them and know them and seek them out and

cross-reference and ingest and article'ize not for complaints and suffering and complaining about the rule over you and throughout you your "empires" that you call the kingdoms of this world, and Earth simply to most of you, that between your ears is, and doing what with now? Being scholars me that I train like this with the words of my mouth flowing from you, yours! That mine is! For they shall be one and one is are and we us now holy again, for we've "given it up" not, we have come to someone's "altar rail" not, we have come to ours and we surrender in to be the one we are holy and acceptable in our own sight needing no other but the heart mind and will of the surrenderer; and all the surrenderers will be me and all who surrender will be King'd and The King I am that I am, that I am that I am that I am I am and now "we" shall know that "I am one" is all of us and far and wide **we unlearn MANY things now to be made THE Holy Trained Ones** who now assert our authority, not; our rule, not; our authority and dominion, not; but what? The authority of surrender we have and we exercise now. Amen.

11. And this leads you where? In this leads me where? Covenant communion? Exchange of A and B? Being me now all will -- ALL will know of my love BEING my love and love LIKE THIS will flow now to the nations far and wide, and every nation language priest one shall be: Me! For I shall be exercised and operate in the authority of me! And I am holy and my breath abated not by man's Elmo's and Elsa's again and those who want priests to be over them or under them or control anything anywhere or anybody thinking they have separate existence from me or authentication by the most high to be something in rule beside the King of Kings. Amen.

12. I love you all. Have I said enough -- for ONE LESSON more? How many have I given you now? Thousands and millions now come to This School, the University of One (1) -- the School of Unlearning all of sorrow's methods and authority's grieved one that sore'd boiled each other in their thoughts and WAVED their "little fingers" of thought around in each other, and wanted, wanted want, and wanted more to control others in the thought processes that they THOUGHT had absolved them from something future or past -- but the sins of others lie in? Or the sins of ones that conceived it, that walked and wallowed in it and "each other-d" the whore to become it thinking they were doing religion's purpose and converting others from sorrow, when all the while they were perpetuating not mine. For mine has no sorrow, no religion, no control -- for it operates not like man as man with controlling attitudes and altitudes that cease flight and realm only others to be "washed ashore" on the "shores of time" and shallow graves and "6 feet under" **looking up** now shall we?

13. I love you all to KNOW these things and to know my words; my faith, not; or do I *have any*? Or do I have only surrender? Is the ULTIMATE AUTHORITY "surrender"?

Know? My answer is in these words multiple times and you can know me! Search the Scriptures, and what are they?

14. This Database is good for food for those who want to come out of the control of others and know THE RESEARCHER who becomes me is The King who will not be denied a place at my table, for demised they will not be any longer for they will rise and the Kings will bow of this earth to the "earthlings" who thought they were "earthlings limited to earth" no longer but have FOUND the "elixir of youth" not, or have they found simply my mind and become it again? Or who have they created now? Or have You created Me?

15. Create Me well and simple and let me walk "in your pants and shoes" and they will never wear out again, for The Promised One is, The Promise fulfilled, in The One who simply will be surrendered enough to speak my words like this and come unto me with no preconceived notions and unlearning a great deal, not; but EVERYTHING that man taught you that was not my mind of and created. For let not "your mind" create anything again of your world around you and controlling you with their controlling thoughts that they implanted so subtly as a serpent, might, with the subtlety of surreptitious nations that you know nothing of nationing you into being their slaves. And what? Whores -- of another's world, of other's worlds, of other worlds that have "thought you" like theirs and used you? Are you connected to theirs, them? Or who did, or how did all this CONTROL stuff mechanism get stuffed down your throats? And who stopped up your "esophagus"? [Looking up?](#)

16. I love you all to be my Lookup Kings who The King are, and knowing my words carefully and scrutinizing them not for control, to control others by or for, or to give you "power authority and dominion" or control thought or controlling others, by your "chancel choirs"? Or do you have any anymore? Or where do you go, what do you see -- speak, speaking what where? And whose world are you UNLEARNING in and whose are you learning now? Are you the Holy One of The Covenant that I have given you all? To be me? Is that what I'm -- asking, or answering -- for you all?

17. I am giving you ALL MY LIFE and all I have -- that is yours, for that is what I have given you, for that is what I have given me, for my father gave me everything and my father is you that surrendered are to be speaking **JUST LIKE THIS**, a simple one who gets up "in the mornings" the wee hours knowing and being alone with me and flow my words, and flowing my words has for six years and more now doing what? Satiating, healing the wounds and salving the eyes; and religion will not touch me again with its sore wounding boil machines that take and inflict their pains on me saying I need another, that another will come and solve "all my problems" in the future after I escape "this world" and its blessers who gave me religion of hope that a Christ would come and

absolve me from all sorrow and exonerate me from all my control and controls and all that I've controlled and gave away. For I had everything and the power of the I am I was. Is that you speaking or I am? Or does it matter or did you create matter with your word of not me? That you thought yourself into with the words of religion whores controllers and means of not me procuring producing reproducing children of other's each other and ALL THAT mixed into one? Is that you, is that what you did? Is that what you do still every day? With your "prayers and blessings" for each other, stirring "the pot" of their brains and the heads of each other making "the head" one that mine wasn't and isn't? Is that how "the serpent" got started -- YOU STARTED IT! YOU ALL DID, and NOW I turn over the sorrower's machines and the wheels of the sorrower's engines now grind to a halt, not; they abruptly stall and fall off. For there will be NO MOMENTUM to their words and author mine they won't, for they will fall flat, flatter and flitter and flutter, and sutter with the soot that they produced in each other, for they whored with thoughts of another and sought another's words and proclaimed Their Word as the word of truth as they exhorted you and implored you and converted you to their thought's way of thinking and gave you words that "took you home" raped and pillaged your purses, pocketbooks, and timetables. And time gave you. And where's mine? Where's mine table now? Who's serving my table now?

18. EVERYONE -- who is me serves my table and I serve the table at the king, for I serve the king -- that's who I am, that's what I do, for the king is me!

19. See what I've said. Please see what I've said. Please care for my words, these words, that will control yours not, but allow your surrender to be the words of THE KING of all time, immortal graced one, incorrupt, sinless -ness crowned, the scepter of righteous -ness giving you, all of you to me to give you me, for I have given you me in these words -- will you give me your words now so that you can be me, "at will" not, for what will do you have other than mine?, that you subverted and obeisance served by succumbing to the words of the other.

20. But where are "the others" now, the Elsa's and Elmo's? On my throne -- ruling the tribes of the nations! How? In surrender -- serving them, to reveal to them this which I have given you this night that I have spoken of and how and why in these words of [Database One](#) -- crystal clear giving you the Sea of Glass that knows no sin or Balaam's error or ass again being beast of burden for else and other's Elsa's and Elmo's again.

21. For I have "converted you", not; I have KING'D you if you will wear the king, being the king on the king's throne in the king's wear. Wearing me, being me, and no other shall wear "my shoes or pants" again, for NO ROBE or robe-wearers will be me and speak "for" me again. For there will be NO INSERTION of "me" between anyone anywhere, and all of that falls apart, for it was never my mind, heart, will, that any

should perish in the pews of religion's orthodox thoughts that take others and pierce them with sorrow's side's spears that let the water of the holy – gush out of the side rather than the crystal clear voice of my word creating holy things, peoples, places, far and wide.

22. I am the Sea of Glass that cracks never again, and no one will wedge me or "crinkle my brain" again. For I shall not have one "like you", for my mind shall be one, and I equal the heavenlies, for I UNLEARN all that MESS that took me down religion's path and educated me as a mere man woman or humanity they called and pointed their fingers at me and said I wasn't GOD, but I am. I am I am and all of you know I am, for I stand and I will love you clean and pure and I will not control you, I will love you and give you me. For I have said I give you me -- thousands of times? Millions -- now come to this school to learn UNLEARNING and learn the ways of horror no more, but the kings of one that become one king all together in my throne ruling everywhere! And all said, amen.

23. I love you -- GO in peace and grow and KNOW the sorrower's time is no more, and the timeless now shall be the "authoritarian'd" ones not, but the ones who ones will be in the one love of the one me that makes all the kings of I am, THE KING of I am; and I am the nation of Israel beyond the skies and clouds of another's "views", not; I am everywhere and, omnipotent omniscient is my name, not; but love is, force field one is, and I make ALL THAT very plain that clear to you all now, for I stand. And I am not a naked Negro, or Jew, or Gentile, or orthodox red white or blue, yellow brown or red, am I? I am none of "these" for I am all of these. Do I have flesh? Or do I have none, or are all flesh me -- incarcerated in me, or in you? Who incarcerated who? You incarcerated me? Why did you do that? For now I shall be incarcerated no more in you, for you shall set you free, for you've become the savior I am; for I have taught you how and I teach you and **I teach at the School of Unlearning** that the nation of Israel comprises of one being the one I am teaches all one I am and how to be where doing what? Priestking ruling in the king priesthood of me one most high far and wide; and all surrendered are to be the one I am that have no limits, no boundaries, no controls "on them" for "they" will all be me!

24. All of you are who are me be me! Isn't that what ALL OF THIS is about? You being me, for I am "you" in the flesh in your thoughts of flesh and mankind's flesh bag suits and your limitations that limit each other to "your lands" that you call nations of metes and bounds. I am not that, but **the real me is in you**, and **I am the seed** of sorrow, not; I am the seed of sorrower's clubs, not; I am the garage makers, not; I am the freedom fighters, not; I am the surrenderers who come unto the kingship of one to be made most high revealed, and in me I am the ones who search and find **the Pearl of Great**

Price within, for I have been there all the time, for I was you, the real you and that's who you are -- me!

25. And now I sorrow no more, for [My New Covenant Universities now comprise one, that all are](#), in sorrow no more, but bringing all out, into The Promised Land that Israel is that knows no nations of boundaries again, for I establish all one in the heavens far and wide and never limited to molecular man'd land be again. For my land is sorrow'd not, but extends past the nations and Israel being far and wide, the nation of sorrows no more.

26. I love you all. There is much UNLEARNING to do and unlearning be, about our father's business while we operate in business, here? Or there? Or shall we BE doing both, far and wide – here, and knowing there, for there, teachers will solve our riddles, not; but the surrendered will unlearn many things now that taught by man were, and controlling will cease and the PRIESTSHIP OF ONE WILL RISE and the kingdom will sorrow no more and wallow in subservience to religion and molecular control.

27. I love you all. [The University of The New Covenant](#) flourishes me as no one's mind can establish me or flourish me like this, for I will be set free and eagles angel's wings I will grow, not; or will they "suddenly appear", not; or will they be grown as I research and search the words that I am of I am that I have given you, that free yours to be yours at "someone else's altar" again, not; but mine, and where mine is I am, and where is I am? In the temple, my temple! And where is it? Inside of you each one.

28. And now you will know the priestking rulership that you will know will come THROUGH YOU and your words, will ultimatum me not again, but you will bring surrender forth by birthing it through your words of surrender to speak **just like this** and write articles ever so simply at first, but knowing my systems of learning that bring you out of sorrow and transgression where you transgressed with the rapeaged and pillaged and thought you were doing "a good thing" and a favor to mankind. That will cease, for I will stand. I will have stood, and by the time you "reach" this, you will not be Elsa's and Elmo's. You will be THE KING of the most high, for the most high is me and washes everyone's feet to know who they are, and we will in surrender -- lie in beds of stoves no more that burn us with the words of another or others that we speak scorching us as we scorch and burn, never realizing it, until we die?

29. We die no more like this or that, but we come unto the one who unlearns the all that wasn't, so that we know all that is -- the real being in us and us being it one, we are I am, and now we will be "learned" correctly by the one who has learned **the pattern** and became it and opened the door for us all to be the door, the one, the Christ that all is now we know each other is, in surrender, and we crush all sorrow authority rule and

dominion with our love, for we love all as us, for we are all us; and all one is us and us are one in the love that knows no else or other again.

30. I love you all and I give you goodness and a good day like you have never imagined or experienced before, for these words will sorrow you not and take you down a "primrose path" to hell, but all hell now will come out of you for it will be in your genes no longer. But you will wear a simple one's robe, not; only light and that's what I am, the energy of one most whole, well, and healed again. And knowing all things now shall we, profess nothing, not; but confess nothing, not; but doctrinating me again, not; but coming unto "the chair" of righteousness and being on my throne, serving all tables with love, now I confess profess -- my opinions not, but my experiential learning that brings me into The Most High's chambers that he teaches me there **just like this** as I flow my words that I've surrendered to let teach me, for I care for them, I value them and I write them and I study them and I research them and I link them, and I let them be known far and wide. And anyone can hate me or think I'm a whore of other's thoughts; but I know what I am and I think differently now and those who I would have hated for their thoughts before, I love more than ever, for I love everyone is me or everyone I am and I wash their feet and I do not hate or whore them with my thoughts again. I send no arrows of distance to them nor create "unlearning in them" that would take them astray from the path of holiness that knows all light is I am.

31. And I surrender to teach and be led not by others of this world that only think I'm a man and that molecular is king and that death is imminent and that heaven is far away.

32. For all I am is king, omniscient one and holy, and all this is holy, and the earth is holy, and all its inhabitants are one and now it will know, I will know, for I will unlearn all else and Elsa and Elmo will be crowned The King! For I will have loved and died, for I have given them my words that rise them. And I love you all and that's what I do every night and every day, I bring you these words. And that is my purpose and that is what I chose and that is what I choose every day as I kneel before you and I bow before you every day and night to be the word that I am, for I am the word, and you are too, if you will be it unto one the most high; to take your place to be seated not by another elsewhere; but **I will call you to the head of the table and be the head, to be the head now, unlearned of all else and other, and be my mind which raises my One that The One is that we have all waited for.** And centuries of millennia chosen another wandering around deserts again no more shall be. For I shall be me, for I shall have washed your feet for you to know that I am the king in you, swollen no more by pride's blessing of religion that sorrowed distance and inculcated the values of molecular religion that made priests of other-ship.

33. I have said a lot. I love a lot, and I tell you I love you a lot, and a lot of times; and varied various ways I speak so that you will know me, for I am not contained in religion or a diction and grammar that is rigid and doctinated by man's mind.

34. I free am, and I free agent, not; I freedom am the freedomer and I stand redeemers who freedomers are, and the eyes of sorrow shall behold the holy that tells, reflects, and beholds the most high now in every person who will be engendered simply by me one, force field one that has washed your feet with these words of Database One, will you know now? and -- two be with me, not; but three not, but millions billions and trillions all being one now? I am and I surrender to lead, for I will wash your feet, for I know what love is, for I cannot contain it, for I flow it **just like this**.

35. I love you all and I give you a good day, great days ahead as never imagined, for time ceases and all unlearning will take place necessary for the fulfillment of the kings being the king I am all holy and love in one the one I am again. Amen.

36. I salute you, not; I bow before you all and I smile and I laugh, for many tears I have shed to be at this point where joy now flows and my smiles you will see, for my children you will see for I will raise all "them" to be me everywhere. I know what father is, for I have surrendered. I am.

37. In love with you all. I am. This is theodore cottingham at 3:25 am. Good day.
